

## CONTINUING EDUCATION

### Physicians and Nurse Practitioners

Application for CME credit has been filed with the American Academy of Family Physicians. **Determination of credit is pending.**

This activity has been planned and implemented in accordance with the Essentials and Standards of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Massachusetts Medical School (UMMS) and the National Association for Continuing Education. UMMS is accredited by ACCME to provide continuing medical education for physicians. UMMS designates this continuing medical education activity for up to 6.6 credits in Category I toward the Physicians Recognition Award of the American Medical Association. Each physician should claim only those hours of credit that he/she actually spent in the educational activity.

## Conference Registration

Please print or type.

This form may be mailed or faxed.

Onsite registration will be accepted provided space is available. Return completed form to:

National Association for Continuing Education (NACE), 8030 Peters Road, D-105, Plantation, Florida 33324

UMMS designates this continuing medical education activity for up to 6.6 credits in Category I toward the Physicians Recognition Award of the American Medical Association.

## Program Summary

This program will provide Primary Care Physicians the opportunity to learn first hand from national thought leaders in their field. The goal is to provide a clearer understanding of several of the most common disease processes, in light of rapid scientific advances. By doing so, attendees will walk away with new insights and learn useful strategies to manage the challenges faced on a daily basis.

## The Learning Objectives of this program are:

At the conclusion of this CME activity, the participant will be able to:

- Utilize data from the latest randomized trials of statins to promote atherosclerotic regression and decrease cardiovascular disease
- More effectively manage heart failure and understand indications and implications of biventricular devices and cardiac defibrillators

- Utilize the latest data to effectively treat patients with GERD and erosive esophagitis as well as those requiring the regular use of NSAIDS
- Evaluate, stage and manage patients with chronic kidney disease
- Diagnose anemia of chronic kidney disease and understand the implications of its treatment
- Distinguish Depression and Anxiety from Bipolar Disorder, and utilize effective treatments available
- Recognize when to start insulin therapy and identify ideal candidates for pre-mix or basal-bolus insulin strategies, utilizing effective algorithms for achieving glycemic control
- more effectively assess the severity disease in patients with COPD and formulate an effective therapeutic approach based on physiology of disease and the patient's quality of life

## About the Speakers

### Juan Aranda, MD

Associate Professor of Medicine  
Division of Cardiovascular Medicine  
University of Florida College of Medicine, Gainesville, Florida

### Kenneth R. DeVault, MD

Professor of Medicine  
Chair, Division of Gastroenterology and Hepatology  
Mayo Clinic College of Medicine  
Jacksonville, Florida

### Charles H. Hennekens, MD

Voluntary Professor of Medicine & Epidemiology and Public Health, University of Miami School of Medicine (UMSM)  
Research Professor of Biomedical Science  
Center of Excellence, Florida Atlantic University (FAU), Boca Raton, Florida

### Bruce Krieger, MD

Professor of Medicine (voluntary)  
Miller School of Medicine  
University of Miami.

### Luigi Meneghini, MD, MBA

Associate Professor of Clinical Medicine, University of Miami  
Associate Director for Clinical Affairs of the Diabetes Research Institute.  
Co-Director of the State of Florida's Southeastern Florida Regional Diabetes Program

### Trisha Suppes, MD, PhD

Associate Professor of Psychiatry  
Director of Bipolar Disorders Research Program  
UT Southwestern Medical Center Dallas

### Robert D. Toto, M.D.

Professor of Medicine  
Director, Patient Oriented Research and Clinical Nephrology  
UT Southwestern Medical Center Dallas  
Dallas, Texas

**Program Chair**  
Gregg Sherman, MD

**Activity Director**  
Alan Goodstat, LCSW

## Schedule

### Saturday, June 25, 2005

7:30-8:10	Continental Breakfast and Registration	12:00-1:00	Lunch
8:10-8:20	Welcome Remarks – Gregg Sherman, MD	1:00-1:10	Conference Update – Gregg Sherman, MD
8:20-9:10	Atherosclerosis and Cardiovascular Disease: Factors Influencing Progression and Regression – Charles H. Hennekens, MD	1:10-2:00	Advancing Insulin Therapy in Type 2 Diabetes: Practical Tools and Effective Algorithms – Luigi Meneghini, MD
9:10-10:00	Integrating Advanced Heart Failure Management with the Use of Cardiac Devices: Role of the Primary Physician – Juan Aranda, MD	2:00-2:50	Differential Diagnosis and Treatment of Biopolar Disorder – Trisha Suppes, MD, PhD
10:00-10:20	Break/Tour Exhibits	2:50-3:10	Break/Tour Exhibits
10:20-11:10	Chronic Renal Disease – Robert Toto, MD	3:10-4:00	Acid Suppression 2005: GERD to NSAIDS – Kenneth R. DeVault, MD
11:10-12:00	Anemia in Chronic Kidney Disease: Past, Present and Future – Robert Toto, MD	4:00-4:50	COPD – A New Look at an Old Disease – Bruce Krieger, MD
		4:50-5:00	Conference Wrap-Up – Gregg Sherman, MD
