

## CONTINUING EDUCATION

### Physicians and Nurse Practitioners

Application for CME credit has been filed with the American Academy of Family Physicians. **Determination of credit is pending.**

This activity has been planned and implemented in accordance with the Essentials and Standards of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Massachusetts Medical School (UMMS) and the National Association for Continuing Education. UMMS is accredited by ACCME to provide continuing medical education for physicians. UMMS designates this continuing medical education activity for up to 7.0 credits in Category I toward the Physicians Recognition Award of the American Medical Association. Each physician should claim only those hours of credit that he/she actually spent in the educational activity.

## Conference Registration

UMMS designates this continuing medical education activity for up to 7.0 credits in Category I toward the Physicians Recognition Award of the American Medical Association.

## Program Summary

This program will provide Primary Care Physicians the opportunity to learn first hand from national thought leaders in their field. The goal is to provide a clearer understanding of several of the most common disease processes, in light of rapid scientific advances. By doing so, attendees will walk away with new insights and learn useful strategies to manage the challenges faced on a daily basis.

## The Learning Objectives of this program are:

At the conclusion of this CME activity, the participant will be able to:

- stratify patients with Acute Coronary Syndrome by risk and have a clearer understanding of conservative versus invasive treatment strategy with pharmacotherapy and catheter based protocols
- more effectively manage heart failure and understand indications and implications of biventricular devices and cardiac defibrillators

- understand the role of the incretin hormone glucagon-like peptide-1 (GLP-1) in normal physiology and in patients with type 2 diabetes and the role of medications known as "incretin mimetics" and "incretin enhancers" in the treatment of patients with type 2 diabetes
- evaluate, stage and manage patients with chronic kidney disease
- understand the importance of pulmonary function testing (spirometry) and utilize the results in the diagnosis and treatment of COPD
- utilize the latest data to effectively treat patients with GERD and erosive esophagitis as well as those requiring the regular use of NSAIDS
- distinguish Depression and Anxiety from Bipolar Disorder, and utilize effective treatments available

## About the Speakers

### Juan Aranda, MD

Associate Professor of Medicine  
Division of Cardiovascular Medicine  
University of Florida College of Medicine

### Kenneth R. DeVault, MD

Professor of Medicine  
Chair, Division of Gastroenterology and Hepatology  
Mayo Clinic College of Medicine

### Alexandre Ferreira, MD

Associate Professor of Clinical Medicine at the University of Miami  
Medical Director of Coronary Care Unit at Jackson Memorial Hospital  
Co-director of the Interventional Cardiology Training Program

### Thomas Ferro, MD

Professor of Internal Medicine and Physiology in the Pulmonary and Critical Care Division of the Medical College of Virginia at Virginia Commonwealth University,  
Medical Director of Pulmonary & Critical Care Research  
McGuire VA Medical Center in Richmond, VA

### Scott V. Joy, MD, CDE, FACP

Associate Clinical Professor of Medicine  
Certified Diabetes Educator  
Duke University Medical Center

### Michael Ostacher, MD

Harvard Bipolar Research Program  
Massachusetts General Hospital  
Instructor, Harvard Medical School  
Harvard Bipolar Research Program

### Biff Palmer, MD

Professor of Internal Medicine  
Nephrology Fellowship Program Director  
UT Southwestern Medical Center,

## Schedule

### Saturday, August 13, 2005

7:30-8:10	Continental Breakfast and Registration	12:40-1:30	Lunch
8:10-8:20	Welcome Remarks Gregg Sherman, MD	1:30-2:30	Airways Obstruction: Many Faces, None Pretty Tom Ferro, MD
8:20-9:20	Acute Coronary Syndrome Alexander Ferreira, MD	2:30-3:30	Differential Diagnosis and Treatment of Bipolar Disorder Michael Ostacher, MD
9:20-10:20	Integrating Advanced Heart Failure Management with the use of Cardiac Devices: Role of the Primary Physician Juan Aranda, MD	3:30-3:50	Break/Vendor Area
10:20-10:40	Break/Vendor Area	3:50-4:50	Acid Suppression 2005: From GERD to NSAIDS Ken Devault, MD
10:40-11:40	Diabetes – Update on the Incretin Hormones Scott Joy, MD	4:50-5:00	Conference Wrap Up Gregg Sherman, MD
11:40-12:40	Chronic Renal Disease Biff Palmer, MD
