

CONTINUING EDUCATION

Physicians and Nurse Practitioners

This activity has been reviewed and is acceptable for up to 10.25 Prescribed credit(s) by the American Academy of Family Physicians. The AAFP invites comments on any activity that has been approved for AAFP CME credit. Please forward your comments on the quality of this activity to cmecomment@afafp.org.

This activity has been planned and implemented in accordance with the Essentials and Standards of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Massachusetts Medical School (UMMS) and the National Association for Continuing Education. UMMS is accredited by ACCME to provide continuing medical education for physicians. UMMS designates this educational activity for a maximum of 10.25 hours of category I credits toward the AMA Physician's Recognition Award. Each physician should claim only those hours of credit that he/she actually spent in the educational activity.

Under the auspices of the University of Massachusetts Medical School Office of Continuing Education this offering meets the requirements for 12.4 contact hours, as specified by the Massachusetts Board of Registration in Nursing (244-CMR 5.04). Each nurse should claim only those hours of credit that he/she actually spent in the educational activity.

Conference Registration

Please print or type.

This form may be mailed or faxed.

Onsite registration will be accepted provided space is available. Return completed form to:

National Association for Continuing Education (NACE), 8030 Peters Road, D-105, Plantation, Florida 33324

Phone: (954) 723-0057 • Toll Free: 1-866-266-6223 • Fax: (954) 723-0353

Also register on the Internet-www.naceonline.com

Registration.**

Program Summary

This program will provide Primary Care Physicians the opportunity to learn first hand from national thought leaders in their field. The goal is to provide a clearer understanding of several of the most common disease processes, in light of rapid scientific advances. By doing so, attendees will walk away with new insights and learn useful strategies to manage the challenges faced on a daily basis.

The Learning Objectives of this program are:

At the conclusion of this CME activity, the participant will be able to:

- more fully understand the origins of insulin resistance and type 2 Diabetes, and review studies of atherosclerosis prevention in patients with type 2 Diabetes
- utilize appropriate first line therapies in the treatment of diabetes with the goal of targeting the various metabolic pathways in the management of hyperglycemia, thereby preventing development of complications
- understand the role for insulin in patients with type 2 diabetes and develop strategies for initiating and adjusting therapy

- discuss the epidemiology, diagnostic evaluation, and treatment options of thyroid nodules
- identify surrogates of mortality in COPD and better utilize targeted patient interventions that improve patient's outcomes
- recognize the signs of Pulmonary Arterial Hypertension, guide appropriate evaluation and discuss the latest therapeutic options
- more effectively manage patients with Congestive Heart Failure and Diastolic Dysfunction
- understand the progression of atherogenesis leading from plaque formation to cardiovascular events, discuss the role of lipoprotein subclasses as well as their response to therapy and review recent lipid treatment guidelines
- more clearly comprehend the impact of the Renin Angiotensin System in Hypertension and its role in cardiovascular disease
- evaluate and diagnose the etiology of anemia of chronic kidney disease, understand its implications in heart failure, and guide treatment decisions based on emerging data
- utilize evolving data and novel therapies to understand and more effectively manage patients with chronic constipation

About the Speakers

Patrick J. Boyle, MD

Professor of Medicine
University of New Mexico

Brooks D. Cash, MD, FACP

CDR, MC, USN
Chief, Gastroenterology Division and Colon Health Initiative
Associate Professor of Medicine
National Naval Medical Center

Claudia G. Cote MD, FCCP.

Pulmonary and Critical Care Division
Bay Pines VA Medical Center

Joshua Furman, MD, FACC

Mount Sinai Medical Center
Miami Beach, Florida

Stuart David Katz, MD

Associate Professor of Medicine
Yale University School of Medicine
Director Yale Heart Failure and Heart Transplantation Program

William McClellan, Jr., MD, MPH

Professor, Department of Medicine, Division of Renal Medicine
Emory University School of Medicine

Bresta Miranda-Palmer, MD

Assistant Professor of Medicine
University of Miami
Miller School of Medicine

Franck F. Rahaghi, MD, MHS, FCCP

Director, Pulmonary Hypertension Clinic
Pulmonary and Critical Care
Cleveland Clinic Florida at Weston

John B. Tourtelot, MD, FACE, FACP

Assistant Professor of Medicine,
Department of Family Practice,
University of South Florida

Schedule

Saturday, October 14, 2006

- 7:30-8:10 Continental Breakfast and Registration
- 8:10-8:20 Welcome Remarks
Gregg Sherman, MD
- 8:20-9:20 Insulin Resistance:
From Impaired Glucose Tolerance to Type 2 Diabetes –
Pathophysiologic Origins,
Progression to Diabetes, Prevention of Atherosclerosis
Patrick Boyle, MD
- 9:20-10:20 Treatment Early in the Time Course of Type 2 Diabetes
Patrick Boyle, MD
- 10:20-10:40 Break/Vendor Area
- 10:40-11:40 Optimizing Therapy with Insulin in Type 2 Diabetes
Bresta Miranda-Palmer, MD
- 11:40-12:40 Thyroid nodules:
Evaluation and Treatment Options
John Tourtelot, MD
- 12:40-1:30 Lunch
- 1:30-2:30 Evaluating Disease Severity in COPD: The Value of Patient Centered Outcomes
Claudia Cote, MD

- 2:30-3:30 Pulmonary Arterial Hypertension
Franck F. Rahaghi, MD, MHS, FCCP
- 3:30-3:50 Break/ Vendor Area
- 3:50-4:50 Diastolic Heart Failure:
Pathophysiology and
Treatment Options
Stuart Katz, MD

Sunday, October 15, 2006

- 7:30-8:20 Continental Breakfast
- 8:20-9:10 The Lipid Hypothesis –
From Plaque Formation to
Cardiovascular Events:
The Role of Lipid Lowering Therapy
Josh Furman, MD
- 9:10-10:00 Hypertension – The Role of the
Renin-Angiotensin System,
Focus on Target Organ Damage
Josh Furman, MD
- 10:00-10:20 Break/Vendor Area
- 10:20-11:10 Anemia in Chronic Kidney Disease:
Clinical Implications and
Treatment Options
William McClellan, Jr., MD, MPH
- 11:10-12:00 Paving the way to Relief
in Chronic Constipation
Brooks D. Cash, MD, FACP
- 12:00 Conference Wrap Up
Gregg Sherman, MD

NACE appreciates the generous contribution of educational grants in support of this conference activity from:

Program Chair
Gregg Sherman, MD

Activity Director
Alan Goodstat, LCSW
